WORK EXPERIENCE

Web Developer

Apr 2023 - Jun 2023

DAY-NULM Tulip Internship (Ministry of Housing and Uraban Affairs), New Delhi

Krishi Baazar: Next.js-powered platform connecting farmers with buyers. Effortlessly list, sell, and manage products for a seamless agricultural commerce experience.

Web Developer

Jan 2023 - Apr 2023

Improvefx, New Delhi

The Blog Website: Utilizing a full-stack approach with Next.js for the frontend and WordPress as the backend CMS, this platform offers a seamless fusion of performance and flexibility. Enjoy a dynamic and content-rich blogging experience, powered by Next.js and WordPress, for efficient content creation, management, and consumption.

PROJECTS

Video Content Management

Feb 2024 - Mar 2024

Introducing our Video Content Management project, powered by Node.js, Express.js, and MongoDB. Designed to efficiently handle backend operations, from storage to retrieval, this project marks a milestone in my backend development journey. Stay tuned for the frontend as we continue to innovate in multimedia asset management.

Weather Forecast

Jan 2024 - Feb 2024

Introducing my Weather Forecast website, a project born from my journey in mastering API handling and integrations. Experience accurate weather predictions right from your browser, showcasing my proficiency in leveraging APIs to deliver real-time data. Stay tuned as I continue to refine and expand this project.

Portfolio Website

Feb 2023 - Mar 2023

Developed a dynamic and responsive project portfolio website showcasing various web development projects. The website utilized modern technologies for both frontend and backend development, ensuring a seamless user experience.

TECHNICAL SKILLS

Nextjs, Nodejs, Express.js, MongoDB, React.js, Javascript, Docker ,Html, Css, AWS, C, C++
